The Petersburg Collegians Didn't Show Up for Play Yesterday.

MANCHESTER AMD BROWNIES

Dick Duke, John Murphy, Wann and Garrett Lee All Figure in the Game.

People who paid to see base-ball at the Broad Street Park yesterday afternoon were disappointed and disgusted. There was some running around a la Chinaman and almost anyone who wanted to got bute the game towards the lest Collegians from Petersburg didn't mate-rialize, and it wasn't known until the

rialize, and it wasn't known until the very last minute. There were enough players on the grounds to make up a scrub team, and this went in to play under the name of the Brownles. The on in the grand stand who wished to leave were told that they could do so at the beginning and get their money back, but there were few who saved themselves by taking a sneak.

And at the last it was said that Manchester won by the score of 5 to 4. Mr. Garnett Lee, a well-known and popular young man of the rity, chanced to be in center field when a ball was knocked over that way. Garnett was once a baseful enthusiast and his petals office closed around the sphere every time it came in his direction. But Garnett has loss, his grip and he muffed the fly. But the runner didn't start towards first, so there was no error, for Garnett returned the ball to the diamond with a good throw.

But what's the use making excuses?

the ball to the diamond with a good throw.

But what's the use making excuses? Those who were at the park know what happened, and those who weren't there will forever thank themselves. It was one of these things that will happen to any league. The players wanted to takke the Petersburg boys and were sorely disappointed when the Cockade team didn't show up. So they went in to give the crowd a run for its money.

Out in center garden for the boys over the creek was John Murphy, the magnate, John took everything that came out there, and Wann, who manages the Brownies, was out in right leid, chasing the long ones. A horse ran across the diamond once, and several boys played the outfield in the last inning.

The score, so much as could be gotten, follows:

With Twirler Hobbs, They will

Come for To-day's Game.

Emporla's fast base-ball team, with the Hobbs battery, will be here this morning and this afternoon, and will tackle Anthony's Brownies at Broad Street Park.

With the defeat they saffered at Emporia still frosh in their minds, the champions are going after the visitors with the determination to win the game, and those who love base-hall will have an opportunity of witnessing one of the pretiest exhibitions of the season. The game will be called at 1.5, and there is every reason to believe that it will be snappy from the very first.

When Emporia played here before the fans gave the team credit for having about the fastest aggregation in the State. Albert's Brownies know the game, and when they walk into the Liniana today there will be lots of excitement.

Norfolk comes here to morrow for three games with the Champion Brownies.

WASHINGTON, August 28,-4Former Associate Statistician E. S. Hormes, Jr., of the Department of Agriculture, indicted together with F. A. Peckhani and of conspiring to defraud the government ov prematurely divulging the depart ment's cotton crop reports, surrendered to the United States Marshal to-day, and later appeared before Justice Stafford and gave bond in the sum of \$10,000, the amount agreed upon last Saturday be fore his arrival in the city. He was taken to the marshal's office by his attorneys, Messra, Lester and Price, who also appeared with him in the court room. District Attorney Beach made an efford to secure an increase of the band to \$20,000, but the effort was opposed by to \$20,000, but the effort was opposed by Mr. Lester and did not succeed. In morine for an increase Mr. Beach presented an affidavit reciting the follure of Holmes to appear Saturday as per the agreement between himself and Attorney Lester, and charged Mr. Lester with alding Holmes in evading the execution of a writ for the latter's arrest Saturday night. He also said that facts had come to light showing that Holmes had realized \$50,000 last December, that he had recently sold a mine in the State of Washington for \$73,000, and had large sums of each in bank safety vaults. He also said that the offense charged against Holmes is not extraditable and he argued that all these facts justified a lorge bond.

that all these races justified a large bond.

In reply Mr. Lester characterized as "gratituous" the statement that he had assisted his client in avoiding arrest, and related in detail all the persimations of Holmes eince he fell under suspicion. He said that his client had at different times since then been near the Canadian border and could easily have escaped to another country if he had so desired. He also repeated that Holmes's failure to present himself on Saturday was due to delay in getting a letter to Holmes. The fact was brought out that Holmes was in Wildwood, N. J., from Tuesday to Saturday of last week.
